Matera

La palette immensa dei grigi medio-chiari spazia dal basalto al ferro con rimandi ai bianchi delle rocce e sfumature di beige al tramonto.

The vast range of medium-light grays spans from basalt to iron with references to the whites of rocks and shades of beige at sunset.

Venezia

Il tema Venezia è tradotto nei colori dello smeraldo percapire i riflessi cangianti dei canali, con sfumature di bianco opaco e borgogna che ne descrivono la storia della città.

The Venice theme is translated into the colors of emerald to capture the iridescent reflections of the canals, with shades of matte white and burgundy that describe the city's history.

Sirolo

Sirolo ha adottato i due caratteristici scogli come simbolo della città la spiaggia delle due sorelle è uno dei luoghi più affascinanti di tutto il litorale marchigiano.

Larenile è composta da ciottoli bianchi stretti tra le limpide acque del mare dai colori intensi e le pendici del Monte Conero.

Sirolo has adopted the two characteristic cliffs as the symbol of the city. The beach of the two sisters is one of the most fascinating places along the Marche coastline. The shoreline is composed of narrow white pebbles nestled between the clear, intensely colored waters of the sea and the slopes of Mount Conero.

" Il futuro ha radici antiche "
future has ancient roots

Portofino

Portofino unisce eleganza e lifestyle nella storia d'amore italiana senza tempo. L'audacia delle architetture arancioni si intonano con i blu luminosi e i bianchi ottici alle sfumature di cielo e mare.

Portofino combines elegance and lifestyle in the timeless Italian love story. The boldness of the orange architecture blends with the bright blues and optic whites in shades of sky and sea.
